# WHAT IS innovation?

Twinnovation is a twin-led lifestyle brand built on the power of connection. We create experiences, conversations, and moments that bring people together — to celebrate, to elevate, and to innovate in community.

## WHAT Twinnovation STANDS FOR

Twinnovation stands for:

Connection *Lifestyle* **AMPLIFICATION**

**Twin Energy** INNOVATION

*"Confidence isn't loud — it's steady. It's how you show up for people, and how people feel when you do."*

*Tae*

Shantae Gilmer — known to most as Tae — brings a bold, grounded energy that makes people feel seen the moment she enters the space. Fierce without being loud, powerful without being distant, Tae leads with intention and a confidence that feels real, steady, and unmistakably genuine. She's the person who can shift the room and still make everyone feel like they belong in it.

*"Connection is my superpower — when people feel safe, they feel free to shine."*

*Nae*

Shanae Hill — affectionately known as Nae — is the vibrant spark with a gift for making people feel comfortable, connected, and part of the moment. Creative, stylish, and full of personality, Nae has a way of breaking the ice, lifting the vibe, and bringing people together with ease. Her energy is bold, but her warmth is what makes her unforgettable.

# TOGETHER

Together, Tae & Nae are the heart of Twinnovation — two confident women using their twin synergy to create spaces where people feel welcomed, valued, and inspired. Their focus is simple: build deeper connections, celebrate real stories, and make every room feel like a place you can show up as your full self.
